

# How to help with WooCommerce Translation

<https://go359.com/en/how-to-help-with-woocommerce-translation-p797>

There are lots of nice people who take the time to translate превеждат WooCommerce in different languages.

The Bulgarian translation of WooCommerce a little bit under 70%. WordPress will only download the translation if it reaches 100%.

For this reason it's good to take the time to do some translating.
